

## Endeavour Community Hub

Now Open on Calvert Road, Great Lever

Last month, Avery and other IVH volunteers rolled up their sleeves to help with the finishing touches ahead of the launch of an exciting new community partnership in Bolton.

We're leasing one of our homes in Calvert Road, Great Lever, to the Endeavor domestic abuse charity.

The new partnership will allow them to create the 'Endeavor Community Hub' from the premises - expanding their counselling service and increasing the group work they offer around empowerment, confidence building and coping mechanisms.

Jill Caldwell, Chief Executive of Endeavor, said: "We hope to develop the hub to have something to offer for everyone. Having a base within the heart of the community gives us and other agencies the chance to develop new services and work collaboratively for the benefit of everyone."

### Reminder about correct waste disposal

Avery and Steve would like to remind residents that it is their responsibility to correctly manage their waste disposal.

If you need more support or help with correctly using your rubbish bins and recycling, you can find useful information on your local authorities website. For Bolton, [click here](#). For Salford, [click here](#).

If you have larger items that can not be disposed of via your regular bin collections, Bolton and Salford Council also provide a bulky item collection and disposal service. The cost of the service is between £39 - £50. You can find our more information about the service using the links above.

### Fly Tipping

If you see fly-tipping in your area, please report it as soon as possible. You can report fly-tipping by emailing Avery or Steve, or you can report it directly to the council, which you can do on their respective website.

# Support for Community Group in Brightmet

We're delighted that the Irwell Valley Foundation has provided funding to the Red Lane Growing Project in Brightmet.

Throughout spring and summer, the Red Lane Growing Project will be offering a range of activities including bug hunting, woodland exploration, and outdoor cooking. These sessions are a fantastic way for young people to learn and grow!

Voluntary and community groups working in the areas we serve can apply for grants of up to £10,000 from the foundation. So if there's a group you think would benefit from our help, we'd love to hear from you. You can find out more about the foundation here.

## Coffee and crafts workshop

The new Endeavour Community Hub is holding coffee, craft & chat sessions every Tuesday morning from 10am - 12pm starting from Tuesday 9th July. There will be different crafts each week and they will happily add specific sessions if attendees would like certain crafts.

### Drop in Sessions with Steve

Steve Cave has regular meetings with Walkden residents at Rydal house, Holyoake Road.

Steve would love for you to come along for a chat and a cup of tea.

Steve is there to listen to all residents, not just those at Rydal House. Steve can help with any issues or concerns you might be having with your tenancy or neighbourhood.

He can also help with any issues regarding anti-social behaviour.

If you would like to attend one of these meetings, or arrange another meeting in one of Steve's other areas, then please email Steve directly at:
